Learn about lobbying techniques used successfully by The Friends Committee on National Legislation for almost 75 years. This faith-based lobbying organization is the longest running on Capitol Hill; learn how FCNL efforts are driven by the statement below:

- We seek a world free of war and the threat of war.
- We seek a society with equity and justice for all.
- We seek a community where every person's potential may be fulfilled.
- We seek an earth restored.

In a tumultuous election cycle, when few real issues are being discussed, learn about lobbying that works!

Our Speaker is Christine Ashley, FCNL's Quaker Field Secretary. She travels throughout the country nurturing and deepening FCNL's relationships with individuals interested in learning and using a Quaker way of living Faith into action. She will share tools used by Quakers for effective lobbying that others can replicate. In addition, she will facilitate discussions among audience members about other effective advocacy methods employed by social justice organizations.
