Have you been **wondering what YOU can do**, here and now?

Join us for an evening of **Immigration Education for Action!**

We're already working together to provide support to those affected.

Learn about the issue's history,
how immigration's national context
affects our local communities;
hear **WNY (im)migrants' experiences**, and
how **you can work in solidarity** with them
by **joining high-impact, locally-based efforts.**
